ACTIVITY TIMELINE

ACTIVITY DESCRIPTION	DURATION
Registration Certificate Validity	3 years
Regulator's notification for grant or refusal of a Registration Certificate of a brand or model	14 days
Importers notification to the regulator prior to seizure	21 days

PENALTIES

A person who commits an offence or fails to comply with the regulations made under the Act is liable on conviction:

- If the person is an individual - to a fine not exceeding 1,000,000 VT or imprisonment for a term not exceeding 1 year or both; or
- If the person is a corporate body - to a fine not exceeding VT3,000,000; or
- If the person is a partnership - to a fine not exceeding VT5,000,000.

The Regulations made under the Act provides legal control over the importation of electrical appliances, equipments and lighting products (listed in schedules 1 & 2) into Vanuatu to establish Minimum Energy Performance Standards (MEPS) and Energy Labelling.

ENERGY EFFICIENCY OF APPLIANCES, EQUIPMENTS & LIGHTING PRODUCTS ACT NO 24 OF 2016

Minimum Energy Performance Standards & Labelling (MEPSL)

ENGLISH VERSION

REGULATION GUIDELINES

FORM A & FORM B

FORM	PURPOSE
FORM A	Used by a trader (or person) when applying for a certificate of Registration for the regulated electrical products that are already registered in Vanuatu, Australia, New Zealand or Fiji.
FORM B	Used by a trader (or person) when applying for a Certificate of Registration for the electrical products that are NOT already registered in Vanuatu, Australia, New Zealand or Fiji.

ENERGY LABELLING REQUIREMENTS

Labelling of products

(1) A person must not sell or let for hire a product unless:

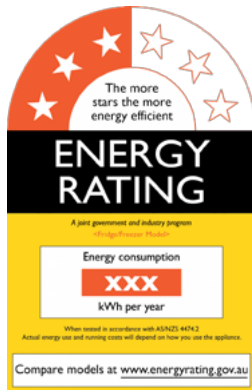

- (a) the product has an energy label meeting the standard requirements
- (b) the brand and model of the product has been registered with the Regulator.

(c) the energy label is affixed to the front of the product and clearly visible.

(d) the description of the brand and model on the label matches the description on the product.

(2) A person must not affix or display a label relating to energy efficiency or energy consumption on a product unless that label meets the standard requirements

(3) A person who advertises a product by media must ensure that an image of the energy label of the product appears on the advertisement.

REGISTRATION PROCESS FOR IMPORTED APPLIANCES

Follow the diagram below to find out the process of registration for PALS Appliance importation.
